**FOR IMMEDIATE RELEASE**

**TO: WARREN COUNTY MEDIA**

**FROM: GRANT SWALLOWS, DIRECTOR OF SCHOOLS**

**DATE: September 23, 2020**

Beginning October 12, 2020, the Warren County School System will operate under a traditional school schedule with all students learning in person four days and remotely on Fridays. This recommendation was made at the September board meeting and was passed unanimously. The safety of the district’s students and staff continue to be the top priority as well as the education of all children. With this change in schedule, families are once again being given the option to choose to enroll in the Virtual Instruction Program (VIP) beginning Wednesday, September 23. Due to staffing decisions that must be made with this program, enrollment will close on Sunday, September 27 at 11:59 pm. If a student wants to enroll in VIP, please contact your zoned school, specifically the contacts below. Additionally, students that are currently enrolled in VIP and would like to return to school can do so by contacting your school during this same time frame. **Please note**, if a student is currently enrolled in VIP, they will continue with that enrollment unless they contact their school.
